

Hello, Kid Pastors, Leaders, and KFAF Directors!

We are Nick and Jill, serving Michigan Student Ministries as the Fine Arts Festival Coordinators for both Kids and Students. #kfafmi25

What

Kids Fine Arts Festival is an excellent opportunity for your kids to discover and develop ministry gifts, talents, and passions in many different categories. KFAF is open to kids in 1st-6th grade for the 2024-2025 school year (6th graders can participate in either or both kids' and students' fine arts festivals).

This is also a great opportunity to disciple your kids during practice times!

Registration Confirmation Elements

You will receive an email by March 24th with our list of registered kids and categories from your church. *If you need a list of your church's registered kids before March 24th, please request that via email (mifinearts@gmail.com)*

- This will include a list of your registered kids and the categories they selected/paid for
- It is vital that you confirm our information and data is correct based on this email
- We will let you know if a kid under/overpaid based on what they registered for
- Reply to the confirmation email with either "all good" or any registration and category corrections needed

Festival Schedule and Communication Channel

The participant schedule will be emailed to you at least two weeks before the festival.

- Please know that when we send the schedule, we are unable to move or change anyone's scheduled presentation time(s)

*Communication: Please channel all questions from parents and kids through you (Kid's Pastor or KFAF Director for your church) to us (Jill and Nick). This will allow us to better respond in a more timely fashion as opposed to getting dozens of emails from parents :-)

- **All questions go to Nick and Jill** - NOT the Network Office or Northville Christian

Finally, ask questions! We are here to serve you, the kids, and the families of your church. The more informed you and your kids/parents are, the better everyone's experience will be.
